

No Cost Residential Chipper Service

For Hayward Homeowners in the High-Fire-Hazard Areas

Apply now! Funds are limited and service is available on a first-come-first-served basis.
Program will run for 6 weeks only: August 19 – September 27, 2013

You cut it, you stack it, we'll chip it ...

Here's how it works:

DO NOT set out your materials for chipping before your request to participate is approved.
More specifics for cutting and stacking will be sent to you after you have been accepted.

Once approved:

- Tree limbs up to 8 inches in diameter can be chipped.
- Stack cut tree limbs or brush within 5 feet of the curb or the edge of the street.
- Stack limbs with the cut ends facing the street.
- Stack piles should be wider than they are high; but not higher than 4 feet.
- Stack piles should be located where the truck and chipper can easily access them from the street.
- Keep all piles free of rocks, dirt, wire, lumber, spiny plants, poison oak, blackberries, and piles of loose needles or leaves.
- Chipped materials will be taken away for recycling unless prior arrangements are made.

You do not have to be home the day your materials are scheduled for chipping.

How do I participate?

Go to the Fire Departments web page at www.hayward-ca.gov/City-Government/Departments/Fire/, download and complete the Ziele Creek Defensible Space Project **"2013 Request for Chipping"** form. Email the form to hfd@hayward-ca.gov or fax to: 510-583-3641 or mail to: Hayward Fire Department, Fire Prevention Office, 777 B Street, Hayward, CA 94541.

Questions?

Call the Fire Prevention Office at (510) 583-4900

This program is funded through the California Fire Safe Council by a grant from the Cooperative Fire Program of the U.S. Forest Service, Department of Agriculture, Pacific Southwest Region.
